Surly 8- & 24-Pack Rack Instructions

Hi there. Thanks for spending your hard-earned cash on this Surly product. Surly stuff is designed to be useful and durable. We're confident it will serve you well for years to come.

⚠️ WARNING: Cycling can be dangerous. Bicycle products should be installed and serviced by a professional mechanic. Never modify your bicycle or accessories. Read and follow all product instructions and warnings including information on the manufacturer's website. Inspect your bicycle before every ride. Always wear a helmet.

⚠️ WARNING: Do not carry any live cargo (i.e. pets) as this may cause a shift in balance and a crash resulting in serious injury or even death to both you and your cargo.

⚠️ WARNING: Bicycle steering and braking may behave differently with loaded rack.

⚠️ WARNING: Position reflectors and lights so that they are not obscured when rack is loaded.

⚠️ WARNING: Evenly distribute weight.

⚠️ WARNING: An improperly modified rack can cause you to lose control and fall. NEVER MODIFY YOUR RACK OUTSIDE OF THESE INSTRUCTIONS.

Additional Product and Safety Information can be found at the website http://surlybikes.com/safety

---

**Intended Use**

다고 2

Riding in Condition 1 plus smooth gravel roads and groomed trails with low-angle grades and drop-offs of less than 6˝ (15cm).

---

**Compatibility**

The hardware we provide will enable you to fit our rack to most rigid 26˝ and 700c forks equipped with drum, disc or cantilever brakes. Our 8- and 24-Pack Rack WILL work with Surly forks that use crown mounted braze-ons and mid-blade fork eyelets. This rack is not recommended for use with a fork that has a single mounting point in the fork crown. **Load weight limit: 13.6 kg (30 lb).**

---

**Tools Needed**

- 4mm hex key
- Grease
- Mallet
- 5mm x .8 tap to clean up frame thread

---

**Hardware Included**

- (2) M8 x 1.25 x 10mm set screw
- (2) Upper barrel
- (2) Upper tube block
- (2) Lower tube block
- (2) Long-offset lower rack stay
- (2) Short-offset lower rack stay
- (2) Upper rack stay
- (1) Left lower clamp
- (1) Right lower clamp
- (4) M5 x .8 x 12mm socket head cap screw
- (4) M5 x .8 x 16mm socket head cap screw

Assembly Instructions

1. Start with a clean workspace, inventory hardware and gather supplies. Position the rack, upside down, on your work surface. The rear of the rack should overhang the edge of the work surface as shown in Figure 1. Optional—apply oil or Framesaver to the inside of the rack tubes (through the vent holes) to aid in corrosion prevention. For best results, allow time for the oil or Framesaver to soak in with the vertical holes covered and rotate occasionally.

2. Install the left and right lower clamps onto the rack. The larger diameter end of the clamp fits over the bottom of the rack—grease the inside bore of each clamp, and use a mallet to tap each clamp onto the rack. (Figure 2) The counterbores should be facing the outside of the rack, and the slots of the clamps should line up with the slots of the rack.

3. If you have difficulty installing the clamps, you can (1) spread open the clamp slightly with the blade of a screwdriver or (2) use the “penny trick”: (a) thread any of the M5 bolts into the threaded holes of the clamp (b) insert thin coins partially into the clamp slot (c) slowly tighten the bolts against the coins until the clamp spreads enough to allow its installation. (Figure 3)

4. Lightly grease the lower rack stays and install them into the clamps. (Figure 4). Grease the threads of the 12mm cap screws, and partially thread the screws into the clamps. (Figure 5). Don’t tighten them yet.

5. Grease the threads of the M8 set screws and thread them into the upper barrels approximately 5–6mm. (Figure 4)

6. Drop the upper tube blocks into the upper barrels. The flat ends of the tube blocks should face the set screws. Align the radii of the blocks with the radii of the barrels. (Figure 6)

7. Install upper barrels onto the rack tube as shown in Figure 7.

8. Orient the upper and lower tube blocks, as well as the upper rack stay and rack tubing as shown in Figure 8.

9. Figure 9 shows how the tube blocks and sliders should be assembled. Tighten the set screws just enough to keep the assembly together while installing the rack onto the frame, but loose enough to allow adjustment.

WARNING:
Make sure lower rack stay extends past both clamps and the diagonal rack tube. Improper installation could lead to rack failure.
Minimum Insertion Depth—50mm

Push tubing down inside lower clamp until it bottoms out
Limited Warranty

This Surly product is warranted against defects in materials and workmanship for one year from the date of retail purchase of the product, subject to the limitations detailed below. Save your dated receipt for proof of purchase.

This warranty does NOT cover the following:

• Damage due to improper assembly or follow-up maintenance or lack of skill, competence or experience of the user or assembler
• Products that have been modified, neglected, used in competition or for commercial purposes, misused or abused, involved in accidents or anything other than normal use
• Installation of components, parts or accessories not originally intended for or compatible with Surly product as sold
• Damage or deterioration to the paint, surface finish, aesthetics or appearance of the product
• Normal wear and tear
• Labor required to remove and/or refit and re-adjust the product within the bicycle assembly

This limited warranty is expressly limited to the repair or replacement of a defective product, at the option of Surly, and is the sole remedy of the warranty. This limited warranty applies only to products purchased through an authorized dealer or distributor. In no event shall Surly be liable for any loss, inconvenience or damage, whether direct, incidental, consequential, or otherwise resulting from breach of any express or implied warranty or condition, of merchantability, fitness for a particular purpose, or otherwise with respect to our products except as set forth herein.

This limited warranty gives the consumer specific legal rights, and those rights and other rights may vary from place to place. This limited warranty does not affect your statutory rights.

TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
